

Access Control System Keypad

Product Code: NEV-ACS-KEYPAD-001

Features:

- Stand-alone unit
- Metal enclosure, anti-vandal with alarm function
- Backlight keypad, convenient for operating at night
- Support 3 Access Modes : Card, PIN, Card + PIN
- Card Type: 125KHz EM
- 4 digit PIN access
- Easy to add and delete users with management card
- IP65 Rating for indoor and outdoor use in harsh environments
- 3 user levels
- 1-255 facility code option
- Can store up to 2,500 users
- 26 bit Wiegand output or input, can work as Wiegand reader/controller

Specifications:

- Operating Voltage: 12-18V AC/12-24V DC
- Adjustable Door Relay Time: 0 ~ 99s
- Static Current: ≤35mA
- Communication interface: Wiegand 26 bit
- Card Reading Range: 3-6cm
- Reader Induction Time: ≤0.1s
- Operating Temperature: -40°C ~ 60°C
- Operating Humidity: 0-95%
- Lock Output Load: 1A
- Alarm Output Load: 3A
- Antistatic: 15KV
- Wiring Length: 90-100cm
- Dimensions: L 135mm×W58mm×H 26mm
